AUDIT REQUEST

When a student audits a class, they are taking the course, doing the work, and fulfilling all course obligations as all other students, however they are doing so without receiving a grade or credit for the course. A student may audit a class or classes if facilities are available and class size permits. A student must have the approval of the instructor and their counselor. A grade of "AUD" will be listed on the student's transcript. It does not affect grade point average or credits earned.
