Attendance: Illinois state law requires that each student receive 30 hours of classroom instruction in Driver Education. Excessive absences will require a student to repeat the course. Students are responsible for arranging make-up time and completing any work missed due to absences. Failure to turn in make-up work within the designated time will result in no credit for the assignment. Work will only be accepted for excused.

Behavior: Inappropriate behavior will not be tolerated. Irresponsible or immature students who are unable to act appropriately will be removed from the class. Students who fail to complete classroom assignments in a satisfactory manner will not be allowed to continue behind-the-wheel instruction.

Fees: Driver Education Classroom/Behind-the-wheel \$150
Secretary of State \$20 (Instruction Permit)
Drive Right text book \$50 (If returned in poor condition)

Instruction Permit: Students will be given the appropriate forms and information necessary to obtain their instruction permits as soon as the Rules of the Road booklet is covered in class and the State of Illinois written exam is passed. Students may begin driving with their parents as soon as an instruction permit has been issued to them. Behind-the-Wheel instruction will begin at the end of the classroom phase and students will be scheduled for instruction according to their birthdates.
