

Minutes of the Clinical Experience Sub-Committee

3-05-08

Present - Kathy Clesson , Barb Meyer, Ryan Brown, Vicki Graziano, Diane Walker

Approval of February Minutes – Diane will check absent member messages

Old Business:

- Videos – 210 instructors are using them; they noted a need for less teacher focused samples and more student focused samples. Glenn Baily from Business uses many of our videos as well
- Kudos to Vickie and Katie for “Clicker” in-service.

New Business

- Spring Conclave – Barb’s assistant is typing up notes- Diversity table notes have already been dispersed.

Once notes are compiled, common themes will be identified for mini conclaves in the fall.

Barb – spreadsheet- for clinical experiences will be edited and resubmitted

Clinical Experiences committee was well represented at the conclave

- 216 Experience Update

Barb – there have been a few concerns, but these were easily resolved.

Mention – students would really like to be interactive with students during lab time.

Suggestion - add an item related to interactive opportunities to the survey clinical students complete re: their experience.

- Scheduling problems

U-High’s schedule is not finalized until May. ISU students register in March. This causes a problem. Barb will contact Karen Valouche and find out the percentage of schedule changes from one year to the next. This will help pre-planning .

C & I is considering taking out generic section completely. Instead, if one section gets too high, she will zero it out, forcing others to register in other sections.

Discussion ensued regarding possible registration procedure adjustments for other Clinical Experience courses as well.

U-High's schedule cannot access the online registration system.

Barb would prefer them registering on an online system because of clarity.

The meeting adjourned at 4:10 p.m.

Next meeting: 4/2/08 – 3:10 – Library Conference Room.

Respectfully Submitted,

Diane Walker, Co-chair
