

Clinical Experiences Subcommittee Meeting  
November 11, 2009  
3:15-4:20 U-High Library Conference Room

Members Present: Ryan Brown, Jean Gorski, Vickie Graziano, Tom Haynes, Jeff Hill, Vicki Jacobs, Dixie Lewis, Karen Travis, Steve Wilder

Finalized dates for C & I spring semester. The assembly is set for Feb 3<sup>rd</sup> (this date was not able to be moved) with the experience concluding on April 23<sup>rd</sup>. Tom is going to work out the observation and teaching window. He will send that information to Jean so that it can be sent out to the faculty. The approximate dates are Feb 3 – 19 for observations with the teaching window from March 1 – April 16. Since there was still some confusion about the observation hours at the beginning of the experience, the committee agreed that a good description would be “outside of your Cooperating Teacher.”

While there will probably be a major overhaul of the TSAF and summative forms (to be drafted by Jean, Tom and Jeff), the committee made some changes to the current TSAF (see attached). These changes were made based on the feedback provided from departments.

Minor revision may also be made at the December meeting.

Tom mentioned that the ISU English department would like a copy of their students TSAF and Summative forms so they have more information about their students as they move through their education sequence. It was again brought up that we may need to start considering utilizing Live Text to make sure that this experience becomes part of the student portfolio.
