Molly discussed the NCATE visit that will take place on April 14-18, 2012. There will be a showcase on April 18th from 5:00 – 7:00pm in the Brown Ballroom. They would appreciate U-High having a table at this event (at the table C & I students, U-High students and teachers).

The accreditation committee that is coming will be looking for 6 standards 1. Knowledge, skills and dispositions 2. Robust assessment system (has useable data, summative and formative assessments) 3. Field experience (collaboration, how is the field experience designed and evaluated, are teacher candidates ready to impact student learning) 4. Diversity 5. Faculty qualifications 6. Unit Governance.

Things U-High can do to help: provide data (such as lab school reports, surveys of clinical experiences students), attend the showcase on April 18th, and provide minutes from the Clinical Experiences Subcommittee.

The committee talked again about trying to help clinical students with their lesson planning.
