GENERAL

Friends of the class of 1955 established this award in memory of Donna Jean Shirley Wissmiller, who loved University High School and all of its activities. Donna Jean excelled in mathematics and went on to study it in college. She died in 1986 and is fondly remembered by her friends.

QUALIFICATIONS

Candidates must meet each of the following requirements:

1. Female

2. Demonstrated high achievement in mathematics.

3. Seeking a career in mathematics or an area related to mathematics.

Please write a brief essay outlining your qualifications for the award. Your essay should highlight your achievement in mathematics and your desire to pursue further study in mathematics. Discuss the mathematics related major that plan to study in college and any experiences in mathematics that has helped shape this choice. Please return your essay to Dr Thompson in the math department.
