

University Laboratory Schools
Illinois State University

CONSENT FOR PARTICIPATION

IN TEACHER EDUCATION AND RESEARCH ACTIVITIES

(Permission to display student-created projects)

From time to time, a joint team of U-High faculty and staff, along with teachers from the College of Education, film teaching activities and regular class sessions at University High School for observation by teaching students. These videos are only available for viewing to registered faculty and students at Illinois State University.

Your son/daughter recently presented a project in a class that was filmed, and this project was prominently displayed in the video which we would like to make available for viewing to education classes at ISU.

We are hopeful that you will allow us to use this video clip for the purposes described above. Thus, we request that both you, and your son/daughter, sign and return the permission form below to room 226, U-High:

I, the undersigned, _____, do hereby acknowledge that I am aware of the research and teacher preparation activities conducted by the staff within the Illinois State University Laboratory Schools, and that I hereby consent to my son/daughter participating in the activities described above, including video taping. In so consenting, I hereby release the Board of Trustees of Illinois State University, its faculty, staff, or authorized students involved in programs approved for use within the laboratory schools, from any claim or cause of action which I may have under the “Family Educational Rights and Privacy Act” or the regulations or guidelines promulgated pursuant thereto which may arise from my son/daughter’s participation in the activities described above.
