

#### 4 Instrucciones para el proyecto de la tira cómica social

- A. You and your partner will be using COMIC LIFE (on your laptop's desktop) to write a comic strip that includes:
1. a political or social statement
  2. 1 use of the passive voice (se impersonal, estar+ado/ido, o ser+ado/ido)
  3. at least 6 panels with 6 images and 6 sentences.
- B. It is best to write your strip in word FIRST.
- C. Next, look for images. When you find an image you like; right click and Save as in your My Pictures file on your S-drive. You will not be able to put more than one image in a panel so edit your images BEFORE you insert them in your comic strip. It's not a good idea to copy and paste an image directly from the web, the image may disappear at some point and leave you with nothing but an address. When you have your images ready you can just drag and drop your My Pictures file into the Album in Comic Life.
- D. Open Comic Life, choose a page template. Drag and drop your My Pictures folder onto the desktop and then drag and drop it into the Comic Life Album.
- E. To save your comic strip in your S-drive, select Save as under File in Comic Life.
- F. When your comic strip is complete, you'll need to convert it to a PDF file in order to post it in the Discussion Board.
- a. Select Print under File in Comic Life
  - b. In the drop down menu next to name, select CutePDF Writer
  - c. Click OK
  - d. The next screen that pops up will prompt you to save your file. Name the file and save it in the appropriate folder.
  - e. Click SAVE
- G. Post your comic strip in the El proyecto de las tiras cómicas Discussion Board in El proyecto de Mafalda folder in Blackboard. To do this you need to convert your file to PDF.
