

U-High prides itself in integrating technology and learning in all areas, and theatre is no different. U-High Thespian Troupe #1156 uses a number of technologies to keep its members up-to-date on events and information. This sheet will serve as your guide to help you navigate through the different technologies.

## The Listserv

**Every Thespian must sign up for the listserv.** The listserv serves as the main system by which information about the theatre program is disseminated. Information about upcoming events, rehearsals, shows, and other theatre information is all spread through the listserv.

To sign up for the listserv, go to: <http://www.theatreuhs.com/> and follow the link labeled "Listserv" along the left navigation bar. You can also go to [www.uhigh.ilstu.edu](http://www.uhigh.ilstu.edu) and follow the "Tech Help" link in the left column. Under "Common Tasks" click "Thespian Listserv."

Enter your name and e-mail address (an e-mail address that you actually check), and click "join the list." You will be sent a confirmation e-mail, but it may take up to twenty-four hours to arrive, especially if you signed up with a non-ISU e-mail address. Make sure to check your junk mailbox if you do not receive it within twenty-four hours. **You must follow the link in the confirmation e-mail to be added to the listserv.**

## The Thespian Home Page

<http://www.theatreuhs.com/> Find links to Thespian-related pages, photos from old shows, and the current calendar.

## Blackboard

After you turn in your theatre information sheet, you will be added to the Thespian Blackboard shell. The shell allows you to check your point totals, rehearsal schedules, and the digital callboard. You can access this information from either your main Blackboard page or off the Thespians home page.

## For More Information...
