UNIVERSITY HIGH SCHOOL SUMMER SEMESTER 2012

Location:
University High School
Campus Box 7100
Normal, IL 61790
Phone (309)-438-8346
Contact: Bob Fitzgerald

ELIGIBILITY
Grades 8 through 12

TRANSPORTATION
Transportation for field trips and other activities will be provided through the program fees. Parents/guardians must sign a waiver for permission to travel for each child.

TEXTBOOKS
Textbooks may be purchased through the ISU Bookstore. Additional information will be available from the instructor.

COST
The fee is $200.00 per class, ½ credit per class. All fees must be paid in full when a student registers. Students may not attend class until all fees are paid in full.

REFUND POLICY
In the case of student withdrawal from class(es) during the first three days of the class, there will be a $20.00 per day, non-refundable processing fee deducted from the total refund. NO refund requests will be honored after the third day of the class.

In the case of closed or canceled classes, a full refund will be issued as soon as possible. All other refunds will be issued after the close of the summer semester classes.

REGISTRATION
Registration is completed on a first-come / first-serve basis. Most classes will have an enrollment limit.

Students will be expected to bring to registration the completed and signed Summer School Registration form and a check for the full amount of all applicable fees. Registration forms are available from high school counselors, and at www.uhigh.ilstu.edu. All students must register in the U-High Main office.

PROCEDURES AND EXPECTATIONS
Summer School attendees are expected to act responsibly and courteously, come to class on time, finish all homework and other assignments, and successfully complete their course of study. Attendance at summer semester is a privilege and will be revoked if a student cannot be responsible, productive, or interferes with the education of others.

ATTENDANCE
Ten hours absence for any reason results in immediate withdrawal. U-High follows state rules and regulations relating to the awarding of credit, etc. for summer semester. Regardless of the final grade, students must have a specific number of contact hours with a teacher in order to receive course credit. If a student fails to be in attendance, no credit will be given, and there will be NO fee refund. If you know you are going to be absent for church camps, athletic camps, or vacations, **DO NOT ENROLL. No exceptions will be made!!**

CREDIT, PASS-FAIL, AND GRADE IMPROVEMENT

U-High students will receive credit for the courses completed in compliance with school and state regulations. Non U-High students’ grades will be sent to their “home” school. Whether or not academic credit will be given for these summer courses is entirely at the discretion of the “home” high school.

The Pass-Fail form for U-High students must be filled out and turned in to the Registrar before the end of the third day of class.

U-High students who previously received a D or an F in the course being repeated may only use the Grade Improvement option. Again, the form must be filled out and turned in to the Registrar before the end of the third day of class.

IMPORTANT DATES

**April 23 thru April 27**
Registration for U-High Students only, 7:30a.m. - 4:00p.m.

UNIVERSITY HIGH SCHOOL SUMMER SCHOOL 2012

UNIVERSITY HIGH SCHOOL SUMMER SCHOOL 2012

OBTAIN REGISTRATION FORMS FROM YOUR LOCAL COUNSELOR, AT THE UNIVERSITY HIGH MAIN OFFICE, OR ON THE WEB AT WWW.UHIGH.ILSTU.EDU

UNIVERSITY HIGH SCHOOL SUMMER SCHOOL 2012

There will be one summer semester consisting of five weeks. Students will earn ½ credit for each class they successfully complete. The following courses will be offered Monday through Friday, June 11 through July 13, unless otherwise noted. The times are listed for each course.
features of local habitats. Includes some indoor, classroom, computer, and laboratory.
Fulfills requirements for one semester of introductory biology, or for students who want a
one-semester science elective. U-High students CANNOT use this class as a grade
improvement option. Note: Additional fees for transportation and equipment may be charged; but no textbook
purchases are required.

SOCIAL SCIENCES

U.S. History – 1st Semester 7:45 – 10:15
Survey of U.S. history from colonial time to 1876, which includes U.S. Constitution exam. Students need both
semesters of U.S. History to meet graduation requirements in U.S. History and Constitution area. (Soph.-Sr)

U.S. History-2nd Semester 10:30 – 1:00
This course is a continuation of the first semester of U.S. History; a survey of U.S. History from 1876 to the present,
which includes Illinois Constitution exam. (Soph.-Sr.)

BUSINESS

Consumer Economics 10:30 – 1:00
This one-semester course is required in order to meet the consumer economics state requirement for graduation. It is
directed from a personal finance viewpoint. Areas of emphasis include wise consumer decision-making, savings and
investing, money management, renting/owning a home, buying a car, credit, taxes and insurance. Students
will engage in real-world projects using the Internet. This includes a stock market challenge. No textbook is required.

MATH

Fundamentals of Algebra 7:45 – 10:15
This course is for: 1) incoming freshmen to review their basic math concepts, or 2) those students who need
additional math credit and have difficulty with Beginning Algebra or Algebra I.

Algebra I second (2nd semester) 7:45 – 10:15
Designed for students who received a D or F in their second semester of Algebra I. Traditional second semester algebra
concepts are the focus.

Geometry (1st semester) 10:30 – 1:00
Students will be introduced to the basic postulates and theorems of Geometry. Topics studied include: similarity, circles,
area, volume, and proofs.

Geometry (2nd semester) 10:30 – 1:00
Designed for students who received a D or F in their second semester of Geometry. Traditional second semester Geometry
concepts are the focus.

Advanced Algebra with Trig (2nd Semester) 10:30 – 1:00
This course is for students: 1) who received a D or F in their second semester of AlgebraII/Trig, or 2) who are looking
to extend a more basic course of second year Algebra. Trigonometry and second semester advanced Algebra
concepts are the focus.

PHYSICAL EDUCATION

Individualized Weight Training and Fitness 7:45 – 10:15
Many people need a structured setting in order to meet optimum fitness and performance
levels. Student-athletes without direction often find themselves training improperly
during the off-season or not training at all. In order to rise to the level of top competition
at one’s level or simply to attain proper conditioning, students would benefit from a class
that provides specialized workouts based upon their individual needs. In addition to
building tailor-made training regimens, the instructor and students would work together
to set goals as they are the true key to success.

SCIENCE

Field Biology and Ecology 7:45 – 10:15am
Primarily OUTDOORS. Field – on, field and laboratory based biological investigations. We
will learn to identify local plant and animal species, characterize the biodiversity of
local environments, and conduct detailed ecological studies of the biological and physical
